

# Types of Officers

The SU has two types of Student Officers:

## SABBATICAL OFFICERS

The President - Academic Life and President - Student Activities work full time in the SU for a year (June to June) either once they complete their degree or by taking a year out from their degree. These are paid posts. Current salary is £22,214.

## PART-TIME OFFICERS

The 8 Part-time Officers are volunteers and perform their duties alongside their studies. The Officer Committee meets at least once every 2 weeks, so being an Officer requires a substantial time commitment; however Officers can choose how much they are involved in to make sure it fits around study, placement etc. It can be a busy role, but there are huge rewards and it can be a lot of fun!

## STANDING FOR ELECTIONS

We know that many students find the elections process daunting, but the SU team provides support throughout the whole process. Voting in the elections will be online, but candidates will be able to campaign in person and online.
